Kelly-

The Department of Environmental Quality (DEQ) reviewed your response to comments (see below) and finds them acceptable except for the following:

Section 2.3.1 Please try to estimate quantities removed from T-4 catch basins during cleanouts.

Section 4 The Port should analyze stormwater samples for polychlorinated biphenyls (PCBs) because previous samples exceeded that SLV.

I understand that the samplers were deployed, treatment cartridges were replaced, and the weir was adjusted as proposed in the Work Plan. The DEQ appreciates your continued efforts to evaluate and control stormwater discharges from T4.

Thanks-
Tom

Subject: Terminal 4 Slip 1 Response to DEQ Comments on Additional Storm Water Sampling Work Plan

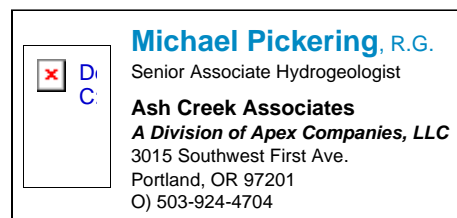

Tom,

Attached please find the Port of Portland's response to DEQ comments on the Additional Storm Water Sampling Work Plan for the Terminal 4 Slip 1 Upland Facility. Hard copies will follow by mail to DEQ and EPA. If you have any questions, please contact Kelly Madalinski at (503) 415-6676.

Thanks!

*Michael
